R E: Tuition Fee Increase

The student body conducted a consultation meeting among students last March 8, 2000 at the Convention Hall regarding the proposed tuition fee increase wherein two options were presented by the Administration. Option 1 was for the increase to be effected only to incoming freshmen while option 2 was to effect the increase to all students. After that meeting, the CSSC promised to submit its own proposal but no proposal has been submitted to this office until the present.

Yesterday, however, the PASUC Region 8 during its meeting here in ViSCA approved the tuition fee increase for all incoming freshmen to be implemented by June 2000 with varying levels of implementation. Thus, incoming freshmen shall be charged of tuition increase as discussed during the consultation last March 8, 2000. It was further approved to increase the tuition fee of continuing students by 10% only, subject to consultation with students.

In view of this, please be informed that the CSSC will conduct a dorm to dorm consultation with students regarding this 10% tuition fee increase for upper class students. All dorm advisers and other staff concerned are requested to help facilitate this consultation dialogue.

Please be guided accordingly.
