

OFFICE OF THE PRESIDENT

MEMORANDUM NO. 51
Series of 1986

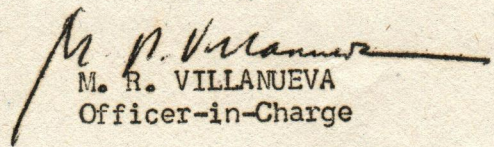

T O: The Graduation Working Committees, Faculty,
Staff and Students

R E: Commencement Exercises

I would like to thank the members of the working committees and all the others, who were involved in one way or another, for the assistance and cooperation you extended that led to the success of our graduation exercises. Everything went as planned. The mechanics of the graduation were executed almost perfectly even without practice. The weather, which started the day in a hostile way, also cooperated. I am sorry we missed some of you during the affair.

Our guest speaker, Minister Ramon V. Mitra, Jr., was all praise for ViSCA. He was quite impressed by our campus and even thanked us for inviting him over.

Thank you.

M. R. VILLANUEVA
Officer-in-Charge
