MEMORANDUM NO. 6
Series of 1987

T O: Dr. Vicente A. Quiton

R E: Report Update

As soon as possible, please submit to the Office of the President independent reports on the incident that occurred on the campus from January 26-28, 1987. The report must be presented in as much detail as possible.

In my call for peace and reconciliation following the spirit being promoted by our government, the reports shall not be used to prosecute or condemn anyone but as a reference to draw upon lessons that can be used as bases for preparing for the future and for identifying strengths and weaknesses in the organization. In any case, as head of ViSCA, I need to be updated on significant events happening on the campus.

Thank you.

M. R. VILLANUEVA
President
