MEMORANDUM NO. 173
Series of 1990

TO: SG ANTONIO BARTOLINI

RE: SUSPENSION FROM THE SERVICE

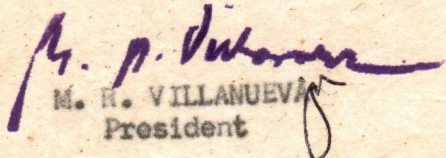

In accordance to Memorandum No. 84, s. 1990, the Investigation Committee headed by Dr. Manuel K. Palomar, conducted an investigation regarding the "break-in" incident that occurred in the Cashier's Office sometime between March 11-12, 1990 which resulted in the loss of government money in excess of P600,000, and made the following report:

1. You were assigned on duty at the Administration Building to take the 12-8 shift on March 12, 1990 morning but not to report at post at 1:00a.m.
2. You admitted having lain at the sofa upstairs shortly after reporting at your post.
3. You admitted having heard dogs barking from somewhere in the direction of the lower campus but did not exert effort to find out the cause of the dog's unusual behavior.
4. You tried to mislead the Committee by saying you roved two (2) times - at 12:00 midnight and at past 2:00 a.m. when you already admitted having reported at post at 1:00 a.m.
5. The break-in at the Cashier's Office occured between 8:15 p.m. of March 11, 1990 at 4:00 a.m. while your were on duty in the Building. from 12:00 a.m. to 8:00 a.m.

In view of the above, the Committee found you guilty of grave offense for inefficiency and incompetence in the performance of official duties, particularly for lying down on a sofa with sign of napping while on duty. As a security guard you are supposed to be alert and watchful of your surroundings particularly when you are securing a building with cash in it.

For humanitarian reason, I am imposing on you the minimum penalty for the offense - suspension without pay for 6 months and one (1) day - effective October 22, 1990.

For compliance.

President
