**RE: Seminar-Workshop on How Generative AI is Reshaping Education**

**FROM: DR. PROSE IVY G. YEPES**  
University President

**DATE: September 19, 2024**

Artificial intelligence (AI) has become increasingly popular and has had a tremendous impact on education. Generative AI is a kind of AI that uses machine learning models to generate new, unique materials, such as images, writing, or music, using patterns and structures learned from existing data.

In pursuit of Visayas State University's goal to deliver quality instruction to students and keep up to date with the demands of time, we are thrilled to invite all interested VSU faculty and selected students for a 2-day seminar-workshop on **"How Generative AI is Reshaping Education"** on **September 25-26, 2024 (Wednesday & Thursday)** from **8:00 AM - 5:00 PM** at the **RDEI Hall**. This seminar-workshop will equip participants with the know-how on the current trends in education and how this can be of great help as we innovate different teaching strategies.

We have invited experts on AI in education and the topics to be covered are the following:

Topic	Resource Speaker
Future-Proofing Education: Transformative Tools for the Next Generation of Teachers, Balancing Innovation with Ethical Responsibility through AI-Driven Pedagogy	<b>Dr. Mideth Abisado</b> Graduate Programs Director National University
Will Generative AI reshape learning, teaching, and assessment in higher education?	<b>Prof. Sue Beckingham</b> Principal Lecturer in Digital Analytics and Technologies Sheffield Hallam University, England  <b>Prof. Peter Hartley</b> Founder and CEO @ Quick Styx
