TR O E: Review Committee

With Prof. A. F. Duatin as Chairman, please constitute yourselves into a committee to review the recommendation of the Personnel Committee of the Department of Plant Breeding and Agricultural Botany not to renew the appointment of Prof. Feliciano C. Manuel, a staff of the department. The reasons forwarded by the departmental personnel committee must be reviewed critically so that grounds can be established beyond doubt that the recommendation is made without prejudice, in line with VISCA standards, and fair to all concerned.

Please submit your findings and recommendations by
June 6, 1986.
