Memorandum Circular 13
Series of 2021

T O: All Chancellors, College Deans, Department Heads/Institute Directors, Directors of Instruction, and Two Faculty Representatives per Department/Institute, USSC Federation Regent

R E: Review-Workshop of Flexible Learning Strategies Implemented

Please be informed that on Feb. 22, 2021, 9:00 a.m. to 5:00 p.m., we will have a virtual Review-Workshop on the various flexible teaching-learning strategies that we implemented this 1st Semester 2020-2021. This is necessary in order for us to know the appropriateness and effectiveness of these strategies and how we can improve them for the 2nd Semester 2020-2021. This is one of the OVPAA's action plans to CARs issued on issues and concerns of flexible learning.

Prior to the Review-Workshop, College Deans are requested to gather the following information from their faculty (and students) since not all faculty members can attend the workshop. This will be used as input to the workshop.

The link will be sent to your individual VSU account after each department head have identified your faculty representatives. Kindly notify this office of the names of the faculty representatives on or before Friday, February 19.

Thank you for your continued commitment to improve our delivery of instructional programs.

BEATRIZ S. BELONIAS
Vice President for Academic Affairs
