MEMORANDUM NO. 3
Series of 1991

T O: Mr. Manuelito C. Pala

R E: Issuance of Fuel

To allay fear on replenishment of funds for fuel supply, my office shall take the responsibility of finding the source in the event that collection becomes a problem on RIV's approved in 1990. You are therefore advised to serve all fuel requests duly approved by offices concerned. If the pump cannot be operated in the absence of electricity, please exert effort to find other means to do it.
