MEMORANDUM NO. 107  
Series of 1991

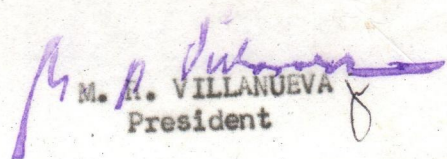

T O: Dr. Perlman M. Tan

R E: Management of the International House (Upper Level)

As a follow up to my earlier Memorandum No. 85, please provide this office a status report on its implementation. Informal reports reaching this office indicate that an international student with whom I committed to be assigned in the IH after confirming the recommendation of the Housing Committee is still staying in the Hostel and that some VISCA employees are occupying the IH without securing the approval of this office. We had earlier succeeded in freeing the IH of illegal occupants.

You are hereby directed to implement the memorandum and to immediately work out the transfer of the concerned student to IH in coordination with any concerned offices.

For compliance.

  
M. R. VILLANUEVA  
President
