MEMORANDUM NO. 909  
Series of 2023

**T O: SDC Track II & III Participants**  
**R E: Supervisory Development Course Track II and III**

True to its goals on good governance, the VSU administration continuously promotes the development and enhancement of the capability and quality of its supervisors/officials. A supervisor is one of the most important positions in the organization, one that deserves support to ensure success in the organization's pursuit of excellence. She/he models excellent interpersonal communication; inspires a common vision; demonstrates respect for a diverse community; encourages teamwork and collaboration; and coaches, evaluates, and develops people in alignment with the goal of the organization.

As part of the key activities identified in the CY 2023 Learning and Development (L&D) program, the conduct of the **Supervisory Development Course Track II and III** will be held on **October 9-13, 2023 via webinar mode**. This L&D intervention is the two last part of the three-track training program designed by the CSC for leaders and emerging supervisors.

The general objectives of the training are the following:

1. Enhance the supervisory and managerial skills of VSU senior and junior supervisors/officials with focus on the critical competencies needed to effectively perform supervisory functions.
2. Ensure a deeper succession bench for the university.
3. Earn the hours of supervisory and leadership training prescribed by CSC for appointments to supervisory and managerial positions

As a finisher of the Supervisory Development Course Track I in the previous years, you are strongly encouraged to participate in this five-day webinar to be able to complete the entire three-track courses. The Civil Service Commission – Reg VIII will facilitate this webinar.
