

13 October 2022

MEMORANDUM NO. 719
Series of 2022

T O: All Concerned

**R E: Membership to the Program Advisory Council for the Bachelor of Science
in Civil Engineering**

As recommended by the CET Management Council, you are hereby designated as members of the Program Advisory Council for the Bachelor of Science in Civil Engineering effective October 1, 2022 until September 30, 2023:

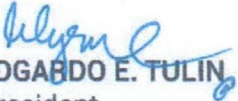

Name	Affiliation/Organization	Representation
Engr. Tranquilino C. Donayre Jr.	Momentum Construction and Development Corporation	Employer/Industry
Engr. Diego Inocencio T. Gillesania	Gillesania Engineering Review Center	Review Center
Engr. Lady Gellelou M. Otida	Department of Education	Government Agency
Engr. Joeuardee A. Pedoy	Ormoc City Housing Office	Government Agency
Engr. Ray Francis G. Ralota	CG+R Consulting Engineers	Industry
Engr. Ramil B. Vinculado Jr.	Self-employed	Alumni
Engr. Marcelo T. Abrera Jr.	Visayas State University	Faculty
Ms. Devenah Dawn T. Dagohoy	Visayas State University	Student
Prof. Epifania G. Loreto	Visayas State University	Department Head
Dr. Jannet C. Bencure	Visayas State University	College Dean

As members of the Program Advisory Council, you are hereby tasked to do the following:

1. Provide information and advice to the department on program relevance, relevant technological and non-technological skills and their inclusion in the curriculum, state-of-the-art facilities and equipment needs, employment opportunities for the marketability of graduates, and on the matters of certification and accreditation standards;
2. Evaluate the Program Educational Objectives (PEOs), Program Outcomes (POs), and Students Outcomes (SOs) in terms of its relevance and applicability with the current realities and trends in education, business, and industry;
3. Recommend for curriculum change and/or offering of new programs to encompass the current realities and emerging trends in the future workplace;
4. Assist in facilitating collaborative educational activities such as internship, community and industry immersion programs, seminars/webinars, workshops, and other related programs to enhance students' learning experiences;
5. Identify and recommend possible alternate sources of funds for scholarships, facilities and equipment, and other program needs, including funding for research, extension and innovation activities;

6. Advise the program regarding emerging and new professional regulations & legislation, which impact graduate capabilities;
7. Initiate and support ways to recognize the student's achievements.

Please be guided accordingly.

EDGARDO E. TULIN.
President
