R E: Technical Working Team for the LGU of McArthur, Leyte

The local government unit of McArthur, Leyte has requested our assistance regarding the possibility of mining operation in their area. In this connection, please constitute yourselves into a team to conduct an ocular inspection and assessment of the impact of the mining operation on the biophysical environment, livelihood and social acceptability of the NICUA mining site in McArthur, Leyte. Please coordinate with Dr. Ma. Juliet C. Ceniza regarding this assignment.

Please be guided accordingly.

JOSE L. BACUSMO
President
