

March 9, 2022

**MEMORANDUM CIRCULAR NO. 01**  
Series of 2022

**T O: All Chancellors, College Deans, Center Directors, and Department Heads**

**R E: Contribution of Information to the 2022 University Compendium of Technologies**

Research and development are pillars of our growth as a university. In 2009, we published a catalog of the technologies we generated. This compendium already needs updating.

The Research and Development Office, through the Knowledge Management Unit (KMU), is rebooting this initiative to create a university-wide index of VSU technologies which are products of VSU research projects and studies; to make them accessible to our partners and other stakeholders.

The updated compendium of technologies is slated to be released with the 2nd Quarter as a print publication, as a set of pages on our website and the RDE Management and Information System (MIS) within this calendar year.

In this regard, we would like to request the Unit heads to give this to the concerned researchers so they can fill out the needed data following the attached table and share digital copies to KMU through: [research.km@vsu.edu.ph](mailto:research.km@vsu.edu.ph) on or before **March 21, 2022**.

The Research KM Unit will take care of taking high-resolution photos of your technologies starting on **March 24, 2022**.

For inquiries, please contact Ms. Jamie Faith De Veyra via email at [jfe.deveyra@vsu.edu.ph](mailto:jfe.deveyra@vsu.edu.ph) or on Workplace Chat.

Looking forward to your utmost cooperation in this important undertaking.

  
**MARIA JULIET C. CENIZA**  
Vice President for Research, Extension and Innovation
