R E: Guidelines for the Use and Securing a Proposed
Pedestrian Gate Across from the VISCA Catholic Church

Acting on a request from the VISCA Catholic community to open a pedestrian gate through the wall across from the Catholic church, the President's Advisory Council hereby appoints you to constitute a Committee with Mr. Dominador Ugsang as Chairman, to formulate guidelines on the use of this proposed gate and how this gate will be secured to prevent anyone from using it in the commitment of crime on campus. Residents in the immediate vicinity of the proposed location of the gate may be consulted. Likewise, the decision of the PAC concerning an earlier request of Mr. Francisco G. Bascug to make an opening across his private lot adjacent to VISCA may be consulted. Please submit your recommendation before the next PAC meeting.

Thank you.
