R E: Water Resource Management Committee

With Dr. Arturo E. Pasa as Chairperson and the rest as Members, please constitute yourselves into the Water Resource Management Committee effective immediately until December 31, 2023.

The following are the major functions of the Committee:

1. Establish a development plan for the conservation and use of water resources within the boundaries of the VSU particularly covered by Proclamation 64 (signed on January 1927) and all land covered by PD 1107.
2. Acquire a Water Rights Permit for the water resources found within the total vicinity of VSU.
3. Lead in the identification of hydrologic studies to reduce the risk of flooding in all parts of the campus and to include irrigation and drainage path studies.
4. Formulate policies for systematic distribution and utilization of water in all parts of the campus-community.
5. Advise the undersigned in matters regarding Water Resource Management.
6. Coordinate with the Planning Office in the establishment of the Development Plan related to Water Resources: Conservation and Use.

Please be guided accordingly.
