MEMORANDUM NO. 92
Series of 1987

T O: Mr. Henry Mausisa

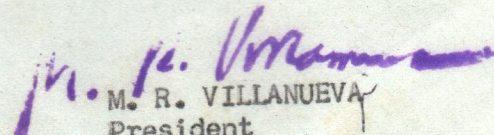

Ms. Edna Polo

It has been found by the Investigation Committee that Mr. Henry Mausisa and Ms. Edna Polo, acting as respondent and complainant, respectively, have both grossly violated the provision in the ViSCA Code against immorality. If tolerated, this act will provide a blatant disregard of the kind of morality ViSCA is trying to uphold. In this connection, the Committee has recommended expulsion of Mr. Mausisa from ViSCA and bar Ms. Polo from re-admission.

However, in the interest of rebuilding a new future for both of you, Mr. Mausisa is hereby directed to render 50 hours of free labor in any project of the Department of Forestry under the supervision of its head, Mr. Edilberto Nasayao to be completed before the end of the school year 1987-1988. This is in addition to the affidavit of support executed for the child of Ms. Polo. Mr. Nasayao shall submit to this office a certification upon completion of Mr. Mausisa's obligation. However, if an amicable settlement is made between Mr. Mausisa and Ms. Polo prior to completion of the above, it shall be suspended and declared having been satisfied.

Ms. Polo, on the other hand, considering that she has been unable to continue with her studies for almost two semesters already shall be considered to have been penalized for her share of the immorality violation.

For compliance.
