MEMORANDUM NO. 768
Series of 2023

T O: All Heads of Units with Degree Programs in the Main Campus
R E: Rollout of QS Student Satisfaction and Alumni Tracer Surveys

VSU is submitting itself to be evaluated again for the latest Quacquarelli Symonds (QS) Star Ratings. Among the metrics are related to student satisfaction and alumni performance after graduation.

We must roll out this promptly as the deadline for the surveys are coming soon. With this, all colleges, departments, and institutes in the main campus are directed to help gather responses from our students and alumni for the two surveys.

QS Student Satisfaction Survey

- Ensure responses from at least 20% of your enrolled students during the last semester
- For BSA and BSF students, please aim 80% of currently enrolled students (We need more responses for "Agriculture and Forestry" disciplines since BSA is our undergraduate program for the Program Strength criteria.)
