MEMORANDUM NO. 23
Series of 1988

T O: All ViSCA Staff and Other Concerned Personnel
R E: LAND ACQUISITION

Please be informed that ViSCA does not have any plan to expand its land acquisition program in the vicinity of its present campus beyond what is covered by P.D. 1107. There is no truth to the rumor being spread around that ViSCA will expand further and that it will bulldoze the houses within its property. As a matter of fact, studies are being made so that a subdivision for the affected tenants and landowners will be located, when it is established, in the area where the residents are now mostly concentrated.

You are all advised not to listen to rumors and should believe what is only released officially from the Office of the ViSCA President or other authorized unit of the College.

Thank you.

M. R. VILLANUEVA
President
