MEMORANDUM CIRCULAR NO. 41

Series of 2001

T O: All IH Occupants

R E: Raising of Pets

Due to the density of occupants in the IH Complex and the lack of ventilation in the many living quarters/rooms installed, the raising of pets (dogs and others) will create a serious threat or hazard to the health and well-being of the occupants/residents.

In view thereof, the Housing Committee has recommended that pets should not be allowed inside or within the living quarters. However, if having pets becomes a necessity by some, they should be tethered and provided quarters outside of the building.

For compliance.
