**DATE: April 22, 2025**

This is to inform everyone that a team led by Dr. Jude Nonie A. Sales is currently conducting a study entitled *Cultural Heritage Mapping of Properties of Visayas State University in Baybay City*. This initiative aims to identify and preserve the cultural and historical significance of various university landmarks.

As part of this project, the team will be administering a perception survey to gather perspectives from key stakeholders, including faculty, staff, students, and members of the local community. The survey is designed to assess the level of awareness and the perceived cultural value of VSU's heritage properties.

Hence, your participation and assistance is requested during the conduct of the survey. This is for your information and usual support.
