

10 April 2017

MEMORANDUM NO. 228

Series of 2017

T O: All Colleges, Departments and Research Centers Operating a Chemical Laboratory in the VSU Main Campus (DoPAC, DAS, DSS, DSS, DPM, DBS, DOH, DFST, NARC, NCRC, PhilRootcrops [all units], CVM, CFES, Etc.)

R E: Meeting

Please come to a meeting on **April 20, 2017, 2:00pm, at the Office of the President** to discuss important matters pertaining to chemical waste disposal and chemical inventory. We are required by DENR to secure clearances and permits for us to continue operating our laboratories and become environmentally compliant.

Please bring with you the following:

1. Complete lists of chemicals available in your lab. Categorize them as solid or liquid, organic or inorganic chemicals
2. Floor plan of your laboratory and stock room showing emergency exits and other important lab amenities and facilities
3. Water and Drainage Systems (Source of water and Drainage end point)- Sketch
4. Toxic Waste Disposal (Description or Picture)

The University is given only 2 months to submit all requirements required by DENR. Hence, I am soliciting your wholehearted support in order for us to meet the deadline and become the leading institution with regard to environmental compliance.

EDGARDO E. TULIN
President
