1

What is the European Higher Education Fair (EHEF)?

The European Higher Education Fair (EHEF) is one of the key public diplomacy events of the European Union (EU). Over the years, the EHEF in the Philippines has grown to become a major education fair in the country.

EHEF enables students to interact directly with representatives from dozens of EU higher education institutions (EHEIs) to gain important information about their study programmes. Prospective students can also enjoy country presentations from EU member-states and listen to testimonials from alumni.

2

What is the theme for this year's EHEF?

This year's theme is "Go Higher with EU" which highlights the many opportunities for growth that getting higher education in the EU presents. It also reinforces the EU's distinction as a centre of academic excellence as it seeks to exhibit its various efforts to remain a global leader in higher education, research, and innovation.

3

Who can participate in EHEF2021?

- Filipino college, graduate, and post-graduate students, academicians, researchers from anywhere in the Philippines who dream and have plans of pursuing higher education
- Officials of Philippine higher education institutions, particularly those involved in recruitment, partnerships, and international relations
- Associations of universities and colleges and professional associations throughout the Philippines
- Parents or guardians of students and other publics interested in the EU's higher education systems.

4

Is there a registration fee?

None. Registration and attending the virtual fair is absolutely FREE!

5

Do I need a hi-speed net connection to attend the virtual Fair?

To participate in the webinars, you need a computer, a smartphone, or a tablet PC with an internet connection of at least 10 Mbit/s.
