R E: Task Force to Investigate Squatter Problem Within  
VISCA Reservation

With Dr. C. D. Carcallas as Chairman and Dr. Gloria Tupas as Vice Chairman, please constitute yourselves into a Task Force that shall look into the squatter problem within the VISCA Forest Reservation. Specifically, the Task Force shall perform the following:

1. Determine the squatter population, their origin, and activities within the area.
2. Establish the extent of interference done by these squatters in the Reservation and its possible long-term damage to the ecology of the area and the VISCA populace.
3. Recommend feasible steps, both short term and long term, to transfer or eject the squatters out of the Reservation and to prevent future settlement in the area by unauthorized individuals.

Because of the seriousness of the situation and the increasing number of intruders, please let us have your report by March 14, 1986.
