

27 April 2021

MEMORANDUM NO. 409

Series of 2021

T O: All Center Directors/Department/Office/Unit Heads

R E: Participation to Webinar on Chemical Waste Management and Safety in Chemical Laboratory on April 29, 2021

Safety in the laboratory is most important among all workers who are engaged in chemical analysis, experiments, research, and the like. The knowledge on safety practices will keep them away from untoward accidents in the laboratory. The safety of workers and students in the laboratory must be prioritized before anything else.

In this connection, the Department of Pure and Applied Chemistry will be conducting a Seminar/Webinar on Chemical Waste Management and Safety in Chemical Laboratory on April 29, 2021, 8:00-4:00 PM.

All Center Directors, Department/Unit/Office Heads are requested to allow the following laboratory/chemical technicians, research assistants/aides, and laboratory instructors to attend this important activity:
