

OFFICE OF THE PRESIDENT

8 April 1987

MEMORANDUM NO. 42
Series of 1987

T O: All Concerned

R E: Removal of Placards along the Highway

I would like to request all concerned individuals who have placed placards and streamers along the highway traversing the ViSCA campus to remove them before Friday, April 10, 1987 to prepare the campus for the arrival of parents and visitors attending the graduation. Graduation day is considered very significant in the academic life of the students and likewise, very significant for the parents as it marks the day of an important achievement of their dream for their children.

Let us make their memories of ViSCA beautiful. In the words of President Cory Aquino, let us stop fighting with each other. Instead, let us work together to resolve our problems and build a better ViSCA.

Thank you for your kind cooperation.

M. R. Villanueva
