## Office of the President

14 March 2011

### MEMORANDUM CIRCULAR NO. 15

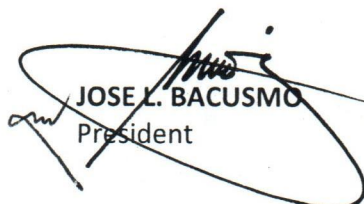

Series of 2011

- T O: All VSU Constituents and Residents of Neighboring Barangays of  
Guadalupe, Pangasugan, and Patag**
- R E: Regulation of Harvesting, Collection and/or Gathering of Forest Products,  
and Flora and Fauna within the VSU Forest Reserve**

It has come to the attention of this Office that harvesting, collection and/or gathering of forest products, and flora and fauna within the VSU forest reserve is already rampant. In the interest of conserving the valuable species, genes and other resources within the forest reserve, and in support of DENR's mandate suspending harvesting and utilization of any resource in natural forest, this office would like to regulate the above-mentioned activities. All requests for harvesting, collection and use of any forest resource should be addressed to the Office of the President for review and approval. In addition, hunting of game animals within the premises of the VSU forest reserve is also strictly prohibited.

The College of Forestry and Natural Resources (CFNR) is hereby authorized as the VSU unit to develop and implement guidelines for the conservation and protection of forest resources at the VSU forest reserve. Violators of this memorandum will be referred to CENRO Baybay for appropriate action. The VSU Security Office is also directed to help CFNR in the implementation of this order.

This memorandum takes effect immediately.

  
**JOSE L. BACUSMO**  
President
