MEMORANDUM NO. 228

Series of 2003

T O: Dr. Eduardo O. Mangaoang
Dr. Victor B. Asio
Dr. Teofanes A. Patindol
Mr. Dennis P. Peque
Dr. Eutiquio E. Sudaria

R E: Committee to Coordinate with TRANSCO/NPC during the Construction of the
LBIP Steel Towers and Transmission Lines

With Dr. Eduardo O. Mangaoang as Chairperson, please constitute yourselves into a committee to coordinate with TRANSCO/NPC during the construction of the LBIP steel towers and transmission lines following the new route recommended by the LSU LBIP Committee last September 18, 2003 and approved by the LSU Board of Regents on September 24, 2003. Specifically, your committee shall:

1. Coordinate with TRANSCO/NPC during the start of the construction of steel towers and transmission lines and see to it that it follows strictly the LBIP route newly approved by BOR;
2. Ensure that TRANSCO/NPC and its subcontractors will observe minimal cutting of trees, coconuts and abaca along the LBIP route and that there shall be no cutting of these trees outside the LBIP route; and
3. Identify the extent of damage to LSU properties that may be incurred during the construction activities and determine the corresponding compensation to the said damage(s) for TRANSCO/NPC's payment, e.g. trees cut, structures damaged, etc.

Please discuss with the group of TRANSCO/NPC regarding the specific dates of the construction activities and the start of the clearing of the LBIP route for our guidance.

Please be guided accordingly.
