R E: In-house Training on Public Financial Management for VSU

The Department of Budget and Management of Region VIII will be conducting an In-House Training on Public Financial Management on August 3–5, 2022. This will be held at the 1st Floor of the CCE Building, Visca, Baybay City, Leyte.

Among all the SUCs, VSU is the last to host such training. Hence, you are all encouraged to attend the said training. The training aims to help VSU accomplish its plans effectively by knowing how much money to ask that we can afford to spend with all attending accounting rules and regulations.

Please be guided accordingly.
