RE: Seminar-Planning Workshop on the Millennium Development Goals (MDGs)  
and the Magna Carta of Women: Defining the Academe's Contributions

In celebration of Women's Month, VSU will conduct a Seminar & Planning Workshop on "The Millennium Development Goals and the Magna Carta of Women: Defining the Academe's Contribution". The forum aims to create awareness on the MDGs and the Magna Carta of Women among SUCs, to serve as a venue to address gender issues in both the MDGs and the Magna Carta of Women, and to formulate an action plan for VSU to address these issues.

In view of this, you are hereby enjoined to identify one representative each from the faculty, administrative, and student sectors together with your GAD Coordinator to attend the seminar-workshop on 31 March 2011, Thursday, 8:00 AM at the ISRDS Training Room.

Please be guided accordingly.

  
JOSE L. BACUSMO  
President
