

OFFICE OF THE PRESIDENT

December 24, 1993

MEMORANDUM NO. 267
Series of 1993

T O: All ViSCA Community Residents

R E: Raising of Dogs, Hogs and Fowls

Effective March 1, 1994 dogs, hogs and fowls can be raised inside the ViSCA residential areas under the following guidelines:

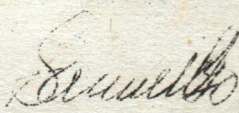

1. A maximum of three (3) dogs which should be tied or confined and properly vaccinated are allowed.

2. A maximum of two (2) fattening hogs (No sows with piglets are allowed) can be raised after securing a permit to do so from the Vice President for Administration. Before issuing the permit the Vice President for Administration should require inspection of pig pens to ascertain compliance of sanitation requirements.

3. A maximum of twenty five (25) fowls can be raised on condition that they should be properly confined.

Every ViSCA Community resident is enjoined to help implement the guidelines on raising of dogs, hogs and fowls in the ViSCA residential areas. We have to remind ourselves instead of waiting for others to remind us.

For self guidance.

SAMUEL S. GO
President
