8 July 2016

MEMORANDUM CIRCULAR NO. 40

Series of 2016

T O: All VSU Campus Residents

R E: Campus Cleanliness

A survey conducted by the Baybay City Health Office last June 24, 2016 revealed the presence of dengue-mosquito (*Aedes*) larvae and pupae in some of the apartments.

As per recommendation, it is reiterated that all VSU campus residents are directed to clean their surroundings and get rid of all potential breeding places of the mosquito vector, e.g. old tires, cans and flower pots that collect water.

For strict compliance.

EDGARDO E. TULIN
President
