MEMORANDUM NO. 96
Series of 1986

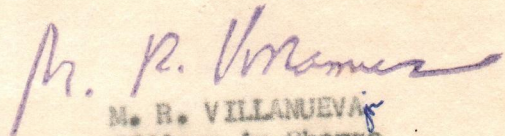

T O: The Academic Personnel Board

R E: Prof. Feliciano Manuel

The termination of the appointment of Prof. Feliciano Manuel has been reviewed exhaustively, notwithstanding the decision made by the Board of Trustees, through a Review Committee in response to the appeal letter of Prof. Manuel. The conclusions and recommendations of the Review Committee have been submitted in its letter to the undersigned dated June 30, 1986 and relayed to the Personnel Committee of the Department of Plant Breeding and Ag. Botany on July 8, 1986 for reaction. On account of the DPBAB Personnel Committee's failure to submit further evidences on the deadline date of July 18, 1986, it can only be concluded that they accept the Review Committee's findings. Hence, the role of the Review Committee at this stage has been completed.

To provide more information for consideration by the Board of Trustees in its next meeting, please take up this case in the APB and submit your report/recommendations as soon as possible, making particular reference to the conclusions and recommendations presented by the Review Committee in its report dated June 30, 1986 and further to Prof. Manuel's appeal to confront his accusers before me and the Academic Personnel Board.

Thank you.
