## Office of the President

16 May 2014

**MEMORANDUM NO. 115**

Series of 2014

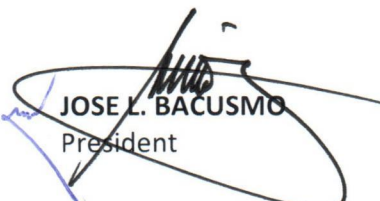

**T O: All Concerned Department/Office/Unit Heads**

**R E: Institutional Sustainability Assessment (ISA) by the Commission on Higher Education (CHED)**

Starting 2014, the Commission on Higher Education (CHED) will evaluate all private and government-owned Higher Education Institutions (HEI) using a specific instrument for ISA. The new evaluation scheme is outcomes-based and will be used as one of the basis for horizontal typology classification (e.g. university, college or professional institution) of the HEIs by CHED. Based on the ISA instrument, there are five (5) Key Result Areas (KRAs) to be evaluated wherein different information/data/documents are needed before the actual evaluation. These documents will also be used in the SUCs leveling. At present, VSU is classified as Level IV institution by CHED and we want to sustain the same level of classification.

In this connection, you are hereby directed to provide the needed information/data from your respective offices. Persons In-Charge of the KRAs will be coming to your office to request for the issuance of the needed documents.

Your utmost cooperation and support are highly expected.

  
**JOSE L. BACUSMO**  
President
