MEMORANDUM NO. 120
Series of 1987

TO: Dr. Federico R. Flores
Head, DAEE

RE: Status of DAEE in the Restructuring ^{of} VISCA

This is to reconfirm what was announced during the Executive Committee meeting held on October 1, 1987 that the Department of Agricultural Education and Extension remains as a department under the Office of the Director of Instruction. Its non-appearance in the structure presented during the meeting is purely an oversight as can be proven by the absence of any deliberation in the minutes of the Board in its meeting on Sept. 24, 1987 on the subject.

I hope this will erase any apprehension of the staff.
