# Budget Proposal for a 3-day writing workshop on the preparation of Commemorative Centennial Book at San Miguel, Leyte

#### Rationale

Visayas State University will celebrate its centennial year in 2024. As part of the celebration, a commemorative centennial book will be produced to chronicle the path of the global university. The history and its stories should be written and exhibited to the public as a commemoration on its 100<sup>th</sup> year. To be able to achieve this, a writing workshop with the selected personnel should be done to execute the ideas of the centennial book.

Each of the writers were carefully picked to write the important events and part of the university that can describe and can strongly support the making of the global university. It is important to conduct this workshop to put the committee, writers, and staff in the same place in producing the book, so that each page will be agreed by the representative on its visual and written aspects.
