BUDGETARY PROPOSAL FOR THE VSU CENTENNIAL TALENT'S NIGHT

I. Rationale

As VSU commemorates its Centennial Founding Anniversary, the University Supreme Student Council Federation presents a unique celebration that bridges both the past and the future for the Talent's Night. The theme will be "Y2K", a nostalgic nod to the turn of the millennium – a time known for the creation of new beginnings and an age of massive technological advancements.

This will feature a vibrant mix of music from the '90s to the early 2000s, encapsulating the essence of an era that shaped the modern world; a fitting tribute to the progress VSU has made since then, both as an institution and a community. Following the Presentation, it'll transition into a socials night that embraces the future, with contemporary music and a festive atmosphere, symbolizing our university's journey towards greater heights and excellence.

This set on **April 21, 2024, at 5:00PM to 11:00PM**. The event is not just a celebration, but rather a testament of resilience and adaptability. As we look back to the great 100 years of our institution with pride, we also look forward to the possibilities that lie ahead.

II. Objectives

- **Foster School Spirit:** Celebrate the school's history and achievements by creating an atmosphere that encourages pride and unity among students.
- **Encourage Social Interaction:** Use the event as an opportunity for students to interact, form new friendships, and strengthen existing ones.
- **Provide a Safe and Fun Environment:** Ensure a secure setting where students can enjoy themselves without concerns, fostering a sense of safety and comfort.
- **Stress Relief:** Offer a break from academic pressures, allowing students to relax, unwind, and enjoy the moment.
