Project, Programs and Activities(PPAs):

The Farmers and Fisherfolks' Day is highlighted by the annual UGMAD SEARCH. This activity is a venue to recognize notable achievements of individual farmers and fisherfolks as well as farmers' association and/cooperatives through the sharing of successful application of science and technology innovation in their farm business operations. Testimonials from successful UGMAD awardees will not only encourage technology adoption but will also inspire developers of innovation. Thus, strengthening an enduring proof of relevant partnership
