

Dear _____:

Greetings from ViCARP!

This has reference to University of Southeastern Philippines (USEP) request for assistance in the conduct of their project entitled *"Resiliency of the AANR Sector in Times of Crises: A Compendium of Regional Case Studies and Best Practices of Consortium Members' Initiatives in the Philippines"*. Their project activities include online surveys, virtual key informant interviews (KIs) and focus group discussions (GFDs).

With this, I am requesting your staff, who is implementing initiatives during this pandemic, to participate in the said survey. This is one way of showcasing our efforts in times of crisis. Rest assured that USEP will abide with Republic Act No. 10173-Data Privacy Law 2021 and will ensure that the data they have gathered will solely be utilized for their study only.

Thank you and we are looking for a prosperous collaborations in RDE.

Truly yours,

MARIA JULIET C. CENIZA, PhD
VP for Research, Extension, and Innovation
Director for ViCARP
