Category: **Software Subscriptions**

Section/End-User: **Ganessa Rose G. Cuevas**

Project Title/Code: **OVPREI.Website.2025**

Funding Source: **Special Trust Fund**

Item #	Item Description	Unit	Qty	Unit Cost	PAR/ICS	Total Cost
1	CE7 Google Sheet Connector PRO	Yearly	1	8,500.00		8,500.00

Specification:

Key Features:

- **Automatic Data Export:** Submissions are sent to Google Sheets in real-time.
- **Field Mapping:** Map CF7 form fields to Google Sheets columns.
- **Custom Sheet Selection:** Choose or create specific sheets and tabs for form data.
- **OAuth Authentication:** Secure connection with Google Sheets via OAuth 2.0.
- **Conditional Logic:** Send data to Sheets based on form input or conditions.
- **Error Logs & Notifications:** Receive email alerts for failed submissions and detailed error logs.

Setup:

1. Install and activate the plugin.
2. Authenticate with Google via OAuth to connect your Google account.
3. Choose or create a Google Sheet, then map CF7 fields to columns.
4. Configure form settings to send data to Sheets.

Advanced Features:

- **Multiple Sheets:** Send form data to different sheets or tabs.
- **Real-time Sync:** Data is processed immediately after form submission.
- **API Support:** Option for advanced API integration and webhooks.

Use Cases:

- Contact forms, event registrations, surveys, and polls.

Support:

- Access premium support and regular plugin updates.

2	NinjaTables	Yearly	1	4,000.00		4,000.00
Specification:						

Key Features:

- Drag-and-Drop Table Builder:** Easy-to-use interface to create and manage tables without coding.
- Responsive Design:** Automatically adjusts table layout for mobile and tablet devices.
- Customizable Styling:** Advanced styling options for table rows, columns, and cells.
- Filter & Sort Options:** Allow users to filter and sort table data for better usability.
- Import/Export:** Import data from CSV files or export tables for easy use on other platforms.
- Frontend Editing:** Enable users to edit table data directly from the frontend (if enabled).
- Google Sheets Integration:** Sync data directly with Google Sheets for dynamic table updates.

Setup:

1. Install and activate the plugin.
2. Create a new table using the drag-and-drop builder.
3. Customize your table's style and features (e.g., filters, sorting).
4. Publish the table on any post or page.

Advanced Features:

- Custom CSS:** For advanced users, you can apply custom CSS for fine-tuning designs.
- Table Pagination:** Easily paginate large tables for better navigation.
- Integration with Popular Plugins:** Works well with Elementor, WPBakery, and more.

Use Cases:

- Display product comparisons, pricing tables, event schedules, and data-driven content.

Support:

- Premium support available, along with regular updates and bug fixes.

3	Video Stream Pro	Yearly	1	4,000.00	4,000.00
---	------------------	--------	---	----------	----------

Specification:

Key Features:

- Video Streaming:** Stream both live and pre-recorded videos directly from your WordPress site.
- Custom Video Player:** Customizable video player with support for HD, subtitles, and more.
- Multiple Video Sources:** Support for multiple video sources like YouTube, Vimeo, or self-hosted files.
- Playlist Management:** Organize videos into playlists for easy navigation and viewing.

•**Monetization Options:** Supports pay-per-view, subscription-based access, and ad monetization.

•**Responsive Design:** Optimized for mobile, tablet, and desktop viewing.

•**Video Protection:** DRM, password protection, and geo-restriction to protect content.

Setup:

1. Install and activate the plugin.
2. Configure video sources (YouTube, Vimeo, self-hosted).
3. Set up your video playlists or individual video content.
4. Customize player settings and embed video players anywhere on your site.

Advanced Features:

•**Live Streaming Support:** Stream live events, webinars, or real-time broadcasts.

•**Analytics Integration:** Track video performance with built-in analytics.

•**Custom Branding:** Add your logo, colors, and design to the video player for a branded experience.

Use Cases:

•Live event broadcasting, video courses, on-demand video libraries, webinars, and more.

Support:

•Premium support and regular updates to ensure compatibility and performance.

4	Team Task Management System (8-in-1 Pack)	Yearly	1	1,500.00		1,500.00
---	--	--------	---	----------	--	----------

Specification:

- Excel & Google Sheets Compatible
- Easy-to-use File for Organization
- Science-based Spreadsheet
- Supports Windows & Mac
- Active Customer Support
