**Specification:**

- Easy grip handle makes the pan easy to lift.
- The pan has extra thick walls and base, which distribute the heat evenly.
- Made from aluminum, which spreads heat evenly and energy efficiently, and makes it easier to regulate heat so the food does not burn and stick.
- The pan's low weight makes it easy to handle when filled with food.
- Steam vents reduce pressure so that food does not easily boil over.
- Using the lid brings the contents of the pot to a boil faster, so that you can save time, energy and money while lowering your environmental impact.
