Dear **Dr. Nacion**:

The Department of Mathematics (DMath) Personnel Committee has reviewed your application for a part-time instructor at our department. Unfortunately, we received numerous applications, and the committee decided to shortlist applicants for interviews and teaching demonstrations. Hence, after reviewing the applications received by the deadline, we regret to inform you that you are not selected for further consideration.

The DMath Personnel Committee appreciates the time you invested in your application. We encourage you to apply for posted and advertised positions in our university for which you qualify in the future.

Thank you again for your application, and God bless.

Sincerely yours,
