Dear Dr. Tulin:

We are pleased to know that your office has allocated additional one (1) regular faculty position for the department. However, our other request which is to repost our hiring for an additional faculty member in lieu of Engr. Arnil Al G. Castañares was not been responded yet hence, this request.

Just to recall, the department's request to hire an additional faculty member for the first semester, SY 2019-2020 was approved as per APB Resolution No. 801 s. 2019 (Attachment A). However, no one applied for the post hence, the department posted the hiring again last January 2020. After the second posting, the department recommended one applicant, but the said applicant backed out after few days due to health reasons. As such, the department made another recommendation for the second applicant, but for similar reasons the said applicant also withdrew his application. Consequently, the department forced to distribute the teaching workload among its existing faculty members.

On 14 May 2020, the department requested your office to re-hire Engr. James Philip N. Ancheta and to repost our hiring for an additional faculty member in lieu of Engr. Castañares. However, we were granted with only one (1) additional faculty member (Attachment B). This condition will still leave the faculty members in the department to be overloaded (Attachment C). Hiring an additional instructor will allow us to function more effectively and efficiently.

Hoping for your affirmative response to this request. Thank you for your usual support.

Respectfully yours,
