Visayas State University

Dear Dr. Yepes:

Greetings.

The undersigned would like to request the re-hiring of two faculty for a part-time instructor position in the Department of Meteorology effective second semester SY 2024-2025 to address the current staff shortage due to the following reasons:

- 1. Mr. Daniel C. Lor, and Engr. Rotsen B. Labisores' positions were converted to Part-time due to MS requirements. Presently, the named faculty are still writing on their thesis manuscript hoping to finish with in on second semester SY 2024-2025.
- Mr. Charlie S. Andan is presently in Europe for his Ph.D. and Engr. Rud Luis G. Gonzaga is schedule to leave for Canada for his MS degree by end of December 2024.

To effectively address this staff shortage, the department personnel committee propose hiring of part-time faculty members to join our department. These faculty would provide much-needed support in teaching courses.

Their services are invaluable in maintaining the quality of our academic programs and ensuring that our students receive the support they need to succeed.

We firmly believe that the hiring of part-time faculty members would significantly sustain the department's ability to meet its current and future demands.

Attached is the projected faculty workload of the department for second semester 2024-2025.

We hope and pray that our request to hire part-time faculty members in the department will be favorably approved.

Thank you for your time and consideration.

Sincerely,

Department Personnel Committee OLIVE ANN G. ANONAR
