The request for reconsideration of Dr. Lorina A. Galvez, Head of DFST, that the two positions (a faculty and a chemist) are very important for the department to operate efficiently, was presented and deliberated. The request for a Chemist, an administrative position, is a pending from the vacant higher academic positions for abolition and creation of some administrative positions and one position is allocated for the Chemist I per APB Res. No. 278 s. 2020.

Thereupon, below is the APB action which was approved by the University President.

APB Resolution No. 461
Series of 2020
Recommending approval to hire one (1) additional faculty for the DFST subject to availability of position. The Chemist that will be hired cannot be required to teach because the position is not faculty but an administrative position.
