The letter of Dr. Karen Luz Y. Teves, Head of DAEEEx requesting for two regular positions equal to a PhD Ag. Education holders as based on their CMO. No 15, series of 2019 four (4) full time faculty must have doctoral degrees with publications for both master's and doctoral programs, was presented and deliberated. Their Ag Ed. Program needs two full time faculty to obtain COPC and comply with CHED faculty requirement for graduate program. Moreover, she requested that Dr. Lijueraj J. Cuadra be a full time faculty of the department without affiliation in the Dept. of Teacher Education.

**Deliberation:**

Dr. Asio suggested to hire 1 PhD in Extension and 1 PhD Ag. Ed. With the current profile, it is better that they have both PhD of the two (2) programs offered. It is further suggested to hire at least an Associate Professor since there is no more Instructor position available as of this time.

Thereupon, below is the APB action which was approved by the University President.

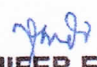

**APB Resolution No. 186**

Series of 2021

Recommending approval to hire **1 PhD in Extension** and 1 PhD Ag. Education provided that the persons to be hired can qualify for at least Associate Professor III which is the lowest available position. Further, recommending approval for Dr. Cuadra to be a full-time faculty of the DAEEEx.
