Vice President for Academic Affairs/
Chairperson, APB

Greetings!

With the influx of students comes first semester AY 2022, the College of Nursing as part of its preparation respectfully requests your untiring support to hire additional affiliating faculty members.

The College based on projected workload desires to hire **24 counts** with assignments both in skills laboratory, lecture and clinical areas, respectively. Such number serves as the second-best option while waiting for the approval of the 6 regular-item positions FLR. The full-implementation of face-to-face clinicals demands an augment human resource to deliver instruction.

With this, the undersigned humbly seeks your unwavering support to the College. Attached therein is the projected workload.

Thank you and more power!

JESUSA M. MAGNO
Dean
