PROPOSAL TO PHASE OUT THE MAJOR FIELD OF SPECIALIZATION IN THE BSAB CURRICULUM

RATIONALE

For about 20 years, the BSAB curriculum has been with a major field of specialization particularly, Business Management and Crop Enterprise Management; likewise many BSAB students have opted to major in Business Management while a few were takers of Crop Enterprise Management. However, with the creation of the new Department of Business Management, the proponents would like to propose for a correction and phase-out of the BSAB major field of specialization. To wit the BSAB curriculum will only be the Bachelor of Science in Agribusiness.

As can be seen, it is obvious that Agribusiness is only a part of the Business Management Program.
