**Proposal to EXEMPT
THE BEED AND BSED FOURTH YEAR STUDENTS OF
SECOND SEMESTER, SY 2008-2009, FROM PAYING THE TUITION FEE
OF PrEd 161 (ASSESSMENT OF STUDENT LEARNING 2)**

Rationale:

The Professional Regulation Commission's (PRC) Resolution No. 07 series of 2008, requires examinees of the Licensure Examination for Teachers (LET) starting in 2009 to have taken Assessment of Student Learning 1 and Assessment of Student Learning 2 at three units each, which are subjects in the revised BEED and BSED curricula as prescribed by CHED Memo Order 30, series of 2004. The existing fourth year, third year and second year students of the Department of Science Education have a three-unit course of ProfEd 134 (Tests, Measurement and Evaluation) in the old curricula which is an equivalent course of PrEd 146 (Assessment of Student Learning 1) in the revised curricula, hence, it was proposed to and approved by the University Curriculum Committee that PrEd 161 (Assessment of Student Learning 2) be adopted in the old BEED and BSED curricula, and be offered as an additional course to satisfy the PRC requirement.

Proposal:

ProfEd 200 (Student Teaching) which is 12 units is the final course requirement for BEED and BSED students. The additional course, PrEd 161 (Assessment of Student Learning 2), will be enrolled as Crash Course for 54 hours by the current fourth year education students before they will be deployed for student teaching this coming second semester SY 2008-09 (see attached schedule).

Since parents are prepared to pay only the tuition fee of their children for Student Teaching, and because PrEd 161 forms a part of the workload of faculty members who will handle the course, it is hereby proposed that the current fourth year BEED and BSED students will not be required to pay the tuition fee of the additional course PrEd 161 (Assessment of Student Learning 2), as the University was not able to implement the revised BEED and BSED curricula mandated by CHED Memo Order 30, series of 2004 effective SY 2005-06 due to some reasons during the development of the curricula.
