PROPOSAL ON THE WITHDRAWAL & TRANSFER OF SBO FUNDS TO USSC TOLOSA

Introduction

Student councils play a vital role in representing the student body, promoting leadership, and enhancing campus life through various programs and initiatives. As the official voice of students, the student council is responsible for organizing activities, advocating for student welfare, and fostering a sense of community within the institution. The effectiveness of these efforts, however, is closely tied to the availability of sufficient funds.

Student council funds support a wide range of projects, from academic and leadership training to cultural events and outreach programs. These resources enable the council to address student needs, implement meaningful initiatives, and respond to emerging concerns within the campus community. Without adequate financial resources, the council's ability to serve its constituents and fulfill its mandate is significantly limited.

The importance of student council funds is reinforced by the Commission on Higher Education (CHED) through memorandums such as CHED Memorandum Order No. 9, series of 2013, which mandates higher education institutions to recognize and support student governments, including the provision and proper management of student council funds. These policies establish the legal and institutional basis for allocating, utilizing, and safeguarding student council resources, ensuring transparency and accountability in their use.

Description of the Problem

This proposal specifically seeks to address a unique situation in the Tolosa campus. In previous years, the student council membership fee was collected by the school administration. However, following the 2020 USSCF amendment of the Constitution and By-Laws (CBL), the responsibility for collecting these fees was transferred to the student council officers. Despite this transition, only the Tolosa campus has not yet transferred the previously collected fees from the administration to the student council. As a result, this proposal aims to facilitate the transfer of these funds to the student council's account, in accordance with CHED guidelines and the amended CBL, to ensure that student leaders have the necessary resources to effectively serve the student body.

Proposed Solutions

To rectify the situation and ensure the student council has the necessary funds to operate effectively, we propose the following steps:

1. **Withdrawal of Funds:** The Chancellor's office shall facilitate the withdrawal of the collected membership fees from the school's account.
2. **Transfer to USSC Tolosa:** These funds should then be transferred directly to the University Student Supreme Council (USSC) Tolosa account. This transfer should be formalized in writing to ensure transparency and accountability.

Conclusion

Thus, the timely transfer of the collected membership fees to the USSC Tolosa is crucial for ensuring the council's ability to fulfill its responsibilities and enhance campus life. By following the proposed solution, we can align with CHED policies, respect the amended CBL, and empower student leaders to create a vibrant and inclusive campus environment. This initiative not only benefits current students but also contributes to the development of responsible, engaged citizens. We urge the administration to support this proposal and facilitate the transfer of funds to the USSC Tolosa account without delay.
